Leave and allowances, directs the substitution of the following rule <i>which applies generally</i> for rules 1 and 2 of the covenanted civil service—code:—before privilege leave can be granted to an offr., he must record a declaration that he has no intention of taking, within three months of his retn. to duty, furlough, special leave, or leave on medl. certi.; though not absolutely debarred by this declaration from taking such leave, he will be expected, if he applies for it, to explain fully his change of intention 16, notification in substitution	

of the above 28; the insertion of the following sentence at the end of rule 8 under sec. XIX of the covenanted civil service—code sanctioned:—when an offr., who is offg. for an absentee on privilege leave, has, in the opinion of the local govt., sufficient reason for refusing the residence placed at his disposal by the absentee, the house-rent attd. to the apptt. officiated in shall be drawn by the offr. and not by the absentee 29; directs the insertion of the following rule as No. 3 (b) under sec. I of the covenanted civil service—code:—If a covenanted civil servant on his first arrival in India is unable through bad health to proceed to the seat of the govt. to which he is attd., or to any other station to which he may have been ordered, the local govt. in whose jurisdiction he is may, on medl. certi., grant to him subsistence allowance of Rs. 250 a month for not more than two months; time thus spent is not reckoned as actual service 29; directs the insertion of the following rule as No. 3 under sec. XXVIII of the covenanted civil service—code:—if an offr. receive an advance of pay in England to enable him to retn. to duty in India, the advance should be recovered at the rate of exchange fixed for transactions with the impl. govt. at the time it was made; *this rule is genl.* 95; directs the substitution of the words “except under clauses (b) and (c) of rule VIII” for the words “except under rule VIII” in rule VII of the rules of 31st July 1868 for the grant of furlough and leave of absence to chaplains 95; in modification of finl. orders No. 1467 of 23rd July 1866, and No. 1295 of 10th July 1867, rules that public offr. provided, under the former of those orders, with free passage by sea, shall be allowed free passage for the number of servants as shown in this order 131; the publication of the papers (shown with this notification) directed having reference to the — rules of chaplains and of members of the uncovenanted service 161; extract from finl. resolution No. 4806, dated 31st Oct. 1871, as follows:—“the govr. genl. in council is pleased to empower local govts. to lay down rules for the grant to uncovenanted servants of leave of absence for the purpose of attending exmns., provided that the rules prescribed are not more liberal than those sanctioned for covenanted offr.” 2. In this extract the term “local govts.” includes local administrations 251; in supersession of existing rules regarding leave of absence from duty to public servants in the civil dept., the govr. genl. in council is pleased to direct the publication of the civil — code shown in this resolution 251; directs the insertion of the words “except on medl. certi.” after the word “furlough” in the second para. of finl. notification No. 2008, dated 14th Mar. 1872, 392; that an offr. who is discharged from the public service and re-employed after an interval cannot, without the sanction of the govt. of India, count his service prior to discharge towards leave after re-employment 425; directs the addn. of the following at the end of rule 2, sec. 22 of the civil — code:— privilege leave, however, may be granted in continuation of exmn. leave under chap. VII, rule 1, but not in continuation of exmn. — under

Looshai, dated 26th April 1872, forwarding, by direction of His Excellency the Commander-in-Chief, copies of despatches from Brigadier Generals G. Bouchier, c. B., and C. H. Brownlow, c. B., Commanding respectively the Left (or Cachar) Column and the Right (or Chittagong) Column of the Looshai Expeditionary Force, detailing the operations carried out under their command, which have resulted in the successful accomplishment of the objects which led the Government of India to organize and despatch the Force.	
The Governor General in Council concurs with the Commander-in-Chief in highly appreciating the excellent services which have been performed, and desires cordially to congratulate His Excellency on the satisfactory conclusion of an expedition which owes much to the thoughtful and unremitting interest His Lordship has throughout taken in the operations.	
His Excellency in Council wishes also to acknowledge the material assistance rendered by His Honor the Lieutenant-Governor of Bengal and the Officers employed under His Honor's orders, especially Mr. Hankey, Commissioner of Chittagong, in applying the resources of the Province in aid of the Military requirements.	
To Brigadier Generals Bouchier and Brownlow, the Governor General in Council offers his sincere thanks for the great skill and energy they have displayed in the conduct of the troops under their command in the face of great difficulties, and for which they have so justly received and merited the marked commendation of the Commander-in-Chief.

#### FIBRES AND SILK.

*Fort William, the 26th January 1871.*

No. 478.—The Governor General in Council is pleased to direct the publication of the following advertisement in substitution of the one published under Notification No. 145, dated the 11th January 1870:—

#### ADVERTISEMENT.

- 1.—The Government of India, after communication with various Agricultural and Horticultural Societies in India, and with persons interested in the subject, has arrived at the conclusion that the only real obstacle to the development of an extensive trade in the fibre of Rhea or China-grass is the want of suitable machinery for separating the fibre and bark from the stem, and the fibre from the bark, the cost of effecting such separation by manual labor being great.
- 2.—The demand for the fibre is now large, and, no doubt, might be extended with reduced prices, and there is a practically unlimited extent of country in India where the plant could be grown.
- 3.—The requirements of the case appear to be some machinery or process capable of producing, with the aid of animal, water, or steam-power, a ton of fibre of a quality which shall average in value not less than £50 per ton in the English market, at a total cost—all processes of manufacture and allowance for wear and tear included—of not more than £15 per ton. The said processes are to be understood to include all the operations performed, after the cutting and transport of the plant to the place of manufacture to the completion of the manufacture of fibre of the quality above described. The machinery must be simple, strong, durable, and cheap, and should be suited for erection at or near the plantations, as the refuse is very useful as manure for continued cultivation.
- 4.—To stimulate the invention or adaptation of such machinery or process, the Government of India hereby offers a prize of £5,000 for the machine and process that best fulfils all the requirements named above.
- 5.—Rewards of moderate amount will be given for really meritorious inventions, even though failing to meet entirely all the conditions named.
- 6.—Owing to the delay that has taken place in maturing the preliminary arrangements, the Government of India has decided that the competition will not be held until the 1st April 1872, thus affording a much longer time than was originally intended for the preparation of machines and their transport to the locality appointed for the competition. The Government Rhea Plantation at Saharunpore, in the North-Western Provinces, has been fixed as the place where the public competition will be held, and the Government of India will provide one or more small steam-engines to work the machines during the public competition.
- 7.—All machinery, &c., intended for trial must be brought by the competitors at their own charge to the Saharunpore Rhea Plantation, and kept ready before the 1st April 1872, to be there worked under their own supervision, or under that of their representatives, for a sufficient length of time to enable the judges appointed by Government to determine whether all the conditions named have been complied with. The prize machine is to be transferred, if required, to Government at 5 per cent. above cost price; the patent right in any such machine to be also transferred, if required, to Government, on the latter securing to the patentee a royalty of 5 per cent. on the cost price of all machines manufactured under the patent during its currency.
- 8.—Arrangements have now been completed for the supply of dried Rhea stems to intending competitors, both in this country and in Europe, to enable them to form a correct idea of the nature of the plant which their machinery will be required to deal with. Persons in Europe desirous to obtain small supplies of dried Rhea stems for the above purpose, should apply to the Secretary of State for India. Intending competitors in this country, desirous of obtaining

supplies of the article, must submit applications to the Secretary to the Government of India, in the Department of Agriculture, Revenue, and Commerce, in the Form A hereto annexed, prior to the 1st of March 1871; and those who are desirous of testing their machinery on the fresh Rhea at the Government Rhea Plantation at Saharunpore during the year 1871, must submit their applications to the same authority, in the Form B hereto annexed, prior to the 1st April 1871. The former will have to pay the expenses that may be incurred in packing and despatching the stems. The latter will have to provide all labor and motive power necessary for, and to pay all expenses connected with, their experiments: the fibre turned out by their machines during such experiments to become the property of Government.

8.—In order to enable the Government to arrange for the provision of a sufficient stock of fresh Rhea stems for the purposes of the formal competition in April 1872, it is necessary to ascertain beforehand the number of machines that are likely to take part in it; and intending competitors are therefore requested to submit, prior to the 1st May 1871, and in the Form C also hereto annexed, notices of intention to compete.

### Form A.

#### APPLICATION FOR DRIED STEMS OF THE RHEA.

*To the Secretary to the Government of India, Department of Agriculture, Revenue, and Commerce.*

Name of Applicant.	Profession or Occupation.	Address in full.	Quantity of dried stems applied for.	Locality to which it is desired that the stems be transmitted.	Name of nearest Railway Station to locality entered in preceding column.

On hearing from the Superintendent of the Government Rhea Plantation, Saharunpore, the amount of the expenses to be incurred in packing and despatching the quantity of stems above applied for, or such lesser quantity as may be allotted to me, as also the cost of carriage of such quantity to *(here insert the locality to which it is desired that the stems be forwarded)*, or to the nearest Railway Station, I promise to remit the total amount so required to the said officer, and I acknowledge that the packing and transmission of such stems will be entirely at my risk.

### Form B.

#### APPLICATION FOR PERMISSION TO MAKE PRELIMINARY EXPERIMENTS FOR TESTING MACHINERY AT THE GOVERNMENT RHEA PLANTATION, SAHARUNPORE.

*To the Secretary to the Government of India, Department of Agriculture, Revenue, and Commerce.*

Name of Applicant.	Profession or Occupation.	Address in full.	Brief description of machinery proposed to be tested.	Date on which applicant, if permitted, proposes to commence testing his machinery.	Approximate amount of green stem which applicant expects will be necessary for testing the machinery.

I acknowledge that, if permission be granted to me to test the above-described machinery at the Government Plantation, such permission will be subject to the following conditions:—

- 1st.—I am to provide all labor and motive power necessary for, and to pay all expenses connected with, testing my machinery.
- 2nd.—I am bound to conform to such rules in regard to time and place of conducting my experiments, hours of working, and the like, as the Superintendent of the Plantation may lay down for my guidance.
- 3rd.—I shall receive only such quantities of green stem, and at such time or times as, with reference to the other claims upon him, the Superintendent may find convenient to allot me.
- 4th.—All fibre, &c., turned out by my machines during these experiments, with stems furnished by Government, will be the property of Government.

## FOREIGN DEPARTMENT.

## NOTIFICATIONS.

## POLITICAL.

*Fort William, the 5th January 1872.*

No. 31P.—The following Regulations for the peace and government of the districts of Hazara, Peshawur, Kohat, Bunnoo, Dera Ismail Khan, and Dera Ghazee Khan, having been proposed by His Honor the Lieutenant Governor, have been considered and approved by His Excellency the Viceroy and Governor General in Council, and are now published for general information, as having the force of law under 33 Victoria, Chapter 3, Section I:—

1.—In the event of any frontier tribe acting in a hostile or unfriendly manner to the British Government, it shall be lawful for the Deputy Commissioner, subject to the sanction of the Commissioner, to detain all or any members of the said tribe, and to detain or confiscate their property, to debar members of the tribe from access into British territory, and to prohibit British subjects from all intercourse with such tribe.

2.—No new hamlet, village, tower, or walled enclosure, shall be erected within five miles of the British frontier, without the consent of the Commissioner of the Division, who shall have power to prohibit the erection thereof, if deemed necessary. In the event of the Commissioner prohibiting such erection, he must record the grounds of his decision.

3.—The Deputy Commissioner, with the concurrence of the Commissioner, may impose fines on village communities, the inhabitants of which, after due enquiry, are found to be guilty of colluding with or harbouring criminals, or combining to suppress evidence in criminal cases.

Provided that when the fine imposed shall exceed one-half of the year's revenue of the village, the case shall be referred for sanction to the local Government.

All fines imposed under this section shall be recoverable, in default of payment, in the same manner as arrears of land revenue.

4.—When any person is known or believed to have a blood-feud, or other cause of quarrel likely to lead to bloodshed with parties beyond the border, the Deputy Commissioner may require such person to reside beyond the limits of the territory to which these rules apply, or in such place within the territory as he may deem desirable.

Provided that if such person be a resident of the village, hamlet, or place from which he is required to remove, the sanction of the local Government be obtained.

5.—Whenever it may be expedient on military grounds, it shall be lawful for the local Government to direct the removal of any village on the immediate border to any other site within five miles of the original site, and to award such sums to the inhabitants as shall, in the opinion of the local Government, be proper compensation for any loss which may have been occasioned to them by such removal.

6.—When a person is accused of murder or other heinous offence, and the case appears to the Deputy Commissioner to be one which, from the inadequacy of evidence or other cause, it is not expedient to try according to the ordinary procedures the Deputy Commissioner may cause the case to be referred to the decision of elders convened according to Pathan or Bilooch usage, and cause such decision to be carried into effect as if it were a sentence of Court: provided such sentence shall extend only to the infliction of a fine on the convicted party.

\* This section runs:—"Such Chief Officer" (i.e., the Chief Officer charged with the executive administration of a district in criminal matters when invested with power to try all offences not punishable with death, and to pass sentence of imprisonment for a term not exceeding seven years, &c.) "shall try as a Court of Session offences which, under the schedule hereto annexed, are triable by a Court of Session only, and in such trials shall be guided by the rules contained in Chapter XXV. of this Code."

7.—Section 445B.\* of Act VIII. of 1869 shall have no force in the districts to which these rules apply. Cases contemplated in that section shall be tried according to the

procedure provided in Chapter XIV. of the Criminal Procedure Code.

8.—Any man who has sexual intercourse with a person who is and whom he knows or has reason to believe to be the wife of another man, without the consent or connivance of that man, such sexual intercourse not amounting to the offence of rape; and any married woman who knowingly and by her own consent has sexual intercourse with any man who is not her husband, is guilty of the offence of adultery, and shall be punished with imprisonment of either description for a term which may extend to five years, or with fine, or with both.

9.—Section 209 of Act VIII. of 1869 shall be read as if the clause noted in the margin, were omitted.

Specified in column 7 of the 2nd schedule, as hereto annexed, as triable by the Court of Session.

10.—Persons offending against any of the rules here laid down shall be liable, on conviction, to imprisonment, rigorous or simple, which may extend to six months, or fine which may extend to Rs. 1,000.

11.—In every district a register shall be kept up of all cases dealt with under these rules, and a statement of all such cases shall be submitted half yearly to the local Government.

12.—The Police Act V. of 1861 may, at the discretion of the Lieutenant Governor, be extended to the districts of Hazara, Peshawur, Kohat, Bunnoo, Dera Ismail Khan and Dera Ghazee Khan, subject to the limitations specified below:—

(a).—Such portion of the duties of the Inspector General of Police as refer to inspection, pay and clothing, shall be performed by the Inspector General of Police, Punjab.

(b).—All other duties now performed by the Inspector General shall be performed by the Commissioner, who shall be held to possess the powers of an Inspector General, within the limits of his own division.

(c).—Deputy Commissioners shall be held to be *ex-officio* Deputy Inspectors General of Police within the limits of their respective districts, without prejudice to their exercise of all the powers of a Magistrate.

13.—So far as regards the Hazara District, Act III. of 1870 (the Agror Valley Act) is repealed; such parts of the district as have been dealt with under the Act are restored to the jurisdiction of the ordinary Courts of Civil and Criminal Judicature, and to the control of the offices of revenue constituted by the Rules Regulations and Acts in force in the territories under the control of the Lieutenant Governor of the Punjab, and to the law prescribed for the said Courts and Offices by the Rules, Regulations and Acts aforesaid; and all Rules heretofore prescribed for the Hazara District, or any part thereof, either under Ordinance of the 4th day of October 1869, or under the Agror Valley Act, are hereby repealed, with the exception of the following, which are hereby declared to be in force, in the form below stated:—

#### LAND REVENUE.

##### I.—Notification, No. 636, dated 4th October 1870.

Suits of the class described in Section 23 of Act XIX. of 1865 ("The Punjab Court's Act") shall, during the progress of settlement operations in the Hazara District, be heard in the Settlement Courts of the Hazara District.

## HUZARAH SETTLEMENT RULES.

## A.—RULES FOR THE SETTLEMENT OF PROPRIETARY RIGHTS.

1. The Settlement Officer shall cause to be prepared for each village a statement showing for each class of village occupants, the origin, nature, and duration of their connection with the village. The statement shall include all who have any interest in, or claim upon, land situate in the village.

After examining this statement the Settlement Officer shall declare by an order in writing enfaced thereon, what parties are in proprietary possession of any description; and what parties are not in such possession, or only tenants. Every effort is to be made by Settlement Officer to ensure the purport of this document being made thoroughly known to all parties interested.

2. Thereafter it shall be open to any one, who considers himself entitled to other rights than those he is by that order awarded, to present to the Settlement Officer a petition stating his claim. The claim shall be enquired into and decided in the manner provided for judicial suits.

3. In deciding such claims the Judicial Officers of the Huzarah Settlement shall have power to decree to the claimant the restoration of any rights which he may prove that he himself or his representative possessed immediately before the Sikh conquest of Huzarah: *provided that*—

I. Possession of such rights was not lost by an act of confiscation (express or implied), proceeding from the Sikh or British Government.

II. It shall be competent to the said Judicial Officers, in cases in which such a course may appear equitable, to restore to the claimant only a share of the rights claimed—or to reject the claim entirely if it appear to him inequitable or incompatible with the existing status and usages of the country.

4. In all cases referred to in the first proviso of the preceding rule, in which such a course may appear desirable, the Settlement Officer shall not declare any rights under Rule I; but shall hold an inquiry, giving to all parties interested an opportunity of stating their claims and adducing evidence in support thereof; and shall report the result to the Commissioner, especially stating for each village, who were the original proprietors, and the manner in which the Government of the day has dealt with the occupants since the original proprietors were ousted; and the Commissioner shall thereon pass such orders for the bestowal at this Settlement of proprietary right in such villages, as shall appear to him equitable with reference to the fair claims of the ousted proprietors and of those who have intermediately held under the State. An appeal from such order will lie to the Financial Commissioner, who should carefully watch decisions passed under this rule, reporting special cases for the orders of Government; but no judicial suit shall lie against the orders passed under this rule.

5. In the case of claims to release mortgages, no limitation shall bar them from hearing; provided that the claimant be—according to the custom hitherto regulating the devolution of landed property in his tribe—a representative of the original mortgagor. And it shall be incumbent on the mortgagee to prove the amount of the debt originally secured by the mortgage. Failing which the investigating officer shall assess the amount of the mortgage debt in such way as the parties may agree to; or in such way as may be consonant with local custom; or in such other way as may appear most equitable. Further, it shall be competent to the Settlement Officer, and to his subordinate judicial officers with his sanction,—in place of awarding to the mortgagee the repayment of the mortgage debt,—to award to the mortgagee a share of the mortgaged land in proprietary right; replacing the mortgagor in possession of the remainder only; this course to be adopted, when past circumstances have so embarrassed the mortgagee as to render the exact ascertainment of the original contract a matter of difficulty.

6. Where a double proprietary right (superior and inferior) is found to exist in the same land, the Settlement Officer may, upon the application of either party, in lieu of awarding rent to the superior proprietor, award to him possession of a fair proportion of the village lands, cultivated and uncultivated. Such award shall be in full satisfaction of the superior proprietor's claims: *provided that*—

I. It shall not give to the inferior proprietors any power of alienation, which they did not before possess, or to their collateral heirs any right of succession which is opposed to existing custom; the prevailing usage on each point being carefully ascertained and recorded by the Settlement Officer;

II. Nor shall it deprive the superior proprietor of any right of pre-emption or reversion to which he may be otherwise fairly entitled.

7. In cases in which a co-sharer of a tribe, among whom the custom of "*waish*" (periodical repartition on ancestral shares) prevailed before Sikh rule, has been deprived of land by the State for public purposes; or has lost his land within British rule by diluvion;

which land previous to Sikh rule would have been subject to the tribal "*waish*;" he shall be permitted to present a claim to the Settlement Officer for an equivalent portion of *shamilât* land in the same village. The Settlement Officer or other competent Judicial Officer subordinate to him shall thereon summon a council of the community against whose *shamilât* the claim is laid and investigate its truth. If the loss of any land in the manner above stated be proved; and if the claimant has no other land or insufficient land left for the support of himself and his dependants, and if the enforcement of the claim shall not be on other grounds inequitable, the investigating officer shall decree to the claimant such portion of the *shamilât* land aforesaid as may appear equitable, with reference to the loss of the claimant and the extent of the village *shamilât*; provided that in the case of land taken by the State no order for the making over of *shamilât* land to the claimant shall be passed, until the claimant deposits the consideration money which he received from the State; and the consideration money thus deposited shall be made over to the community in lieu of the *shamilât* land taken.

8. The Settlement Officer shall ascertain for each proprietary community the custom concerning pre-emption, and frame with their assistance suitable rules for its enforcement hereafter.

#### B.—RULES FOR ASCERTAINING THE CUSTOMS REGARDING INHERITANCE OF RIGHTS IN THE SOIL, OTHER THAN ASSIGNMENTS OF REVENUE.

9. The Settlement Officer shall ascertain for each tract, tribe, or village (as may be most convenient) the customs that regulate the devolution of all rights in the soil, other than assignments of land revenue. And in cases in which such customs may appear on enquiry to be doubtful, he shall, in communication with the chief representatives of the said tract, tribe, or village, and with the sanction of the Commissioner, declare for future observance such custom as may be most consonant with the feeling of the parties concerned. Should any party consider himself aggrieved by the record thus made, he shall have a right of appeal to Financial Commissioner.

#### C.—RULES FOR ASCERTAINING AND DEFINING THE RIGHTS AND LIABILITIES OF TENANTS.

10. The Settlement Officer shall ascertain for each different tribe or tract, under what circumstances tenants are entitled to occupancy rights. In this enquiry he shall be guided by the status of affairs which existed prior to the Sikh conquest. After the result of his enquiries has been confirmed by the Commissioner, all tenants shall be awarded rights accordingly, —a right of appeal, however, lying to the Financial Commissioner.

11. The Settlement Officer shall cause to be ascertained for each tenant the origin, nature, and duration of his tenancy, and shall assign to him a status according to the results of the enquiry mentioned in the preceding rule. A paper embodying the facts ascertained by this enquiry shall be included in the settlement record; and the statements contained in this paper shall have the same effect as regards finality as is given to the rest of the record.

12. The Settlement Officer shall cause to be drawn up for each tract, tribe or village (as may be most convenient), a Code of Rules for regulating hereafter the relations between proprietors and tenants. The subjects treated of in the two preceding rules excepted, this Code shall dispose of all matters dealt with by the Punjab Tenancy Act; and it shall follow that Act so far as it may not be inconsistent with the ascertained custom of the tract concerned, or inapplicable to its physical and political conditions.

#### D.—READJUSTMENT OF RENTS.

13. During the progress of the settlement, there shall be given to the proprietary body of each village an opportunity of readjusting the rents of their tenants. In effecting this readjustment, the Settlement Officer shall be guided by—

- (I) a consideration of the rents prevailing on adjacent land of a similar description;
- (II) a consideration of the fair claims of the proprietor on the score of the increased value of agricultural produce, or of increase to the Government demand.

14. It is not desired by the previous rule to encourage any unnecessary disturbance of rents; on the contrary, where the rents found to exist are not complained of by, or manifestly unfair to, the proprietor, it will in most cases be best to leave them undisturbed. But where tenants are paying, without valid reason being assignable, at rates which give the proprietor no profit over and above the Government assessments, or at rates which are too low with reference to the considerations laid down in the previous rule, a readjustment of rent should be effected.

15. No tenant-at-will shall be entitled to a decree for a reduction or change of rent in any shape, except with the consent of his proprietor. But such relief, as may be equitable, may be awarded to occupancy tenants, except a change from cash to grain rents, or from grain to cash rents.

16. In cases in which under the Summary Settlement of Huzarah, former officers have converted grain rents into cash, without the consent of the persons declared at this settlement to be proprietors, the Settlement Courts may direct that the previous grain rents be reverted to.

17. The new rents fixed under these rules shall come into force simultaneously with the new assessments.

---

**E.—RULES FOR REGULATING THE SUCCESSION TO REVENUE ASSIGNMENTS.**

18. The Settlement Officer shall ascertain for each class of revenue assignments granted for more than one life, or for the period of settlement, or for each of such cases where necessary, what rule is best calculated to secure to Government the attainment of the object for which the grant was given. The result of his enquiries shall be submitted to the Commissioner, who shall pass final orders as to the rule to be hereafter followed, reporting the same through the Financial Commissioner for the sanction of Government.

19. All cases in which orders of succession contrary to the orders to be laid down under Rule 18 have been passed, shall be reported by the Settlement Officer to the Commissioner, who is hereby empowered to revise the previous orders in the spirit of Rule 18, or in such modified way as the peculiar circumstances of such cases may call for.

---

**F.—INVESTIGATION OF SETTLEMENT INAMS AND UNREPORTED REVENUE ASSIGNMENTS.**

20. The Settlement Officer shall investigate the tenure of all settlement inams and unreported revenue assignments.

21. He shall have authority to confirm for life, or for the period of the new settlement all petty inams to village institutions; also small inams held by the individuals selected to be Lumburdars; but all other unreported inams shall be reported for the orders of the Commissioner.

22. The Commissioner may confirm for the period of the settlement the inams so reported to him, or he may resume them.

23. The Commissioner may create new small zemindari inams to be held for life, or for the period of settlement not exceeding the amount of those resumed.

24. The case of any important inam shall be reported to Government for disposal under the Jageer Rules.

25. The Settlement Officer shall draw up and submit to the Commissioner, for sanction of Government, rules to regulate the succession to these inams in cases in which the holder may die during the currency of the settlement; and such rules when sanctioned shall have the force of law.

---

**G.—RULES FOR REVISING THE APPOINTMENT OF LUMBURDARS.**

26. The Lumburdaree arrangements made at the previous Summary Settlement shall be revised on the following principles :—

27. In each community such person or persons shall be appointed Lumburdars as are best capable of representing the proprietary body. *Ceteris paribus*—a preference shall be given to those who have hitherto held this office.

28. A multiplicity of Lumburdars in the same village is not desirable. But where a due representation of the proprietary body cannot be otherwise obtained, such number as may be necessary to this object shall be appointed. Great tenderness should be exercised in depriving any individual or family of this privilege when it has been long enjoyed by them.

29. In every village in which it is necessary to appoint more than one Lumburdar, a Head Lumburdar shall be selected.

30. The Lumburdaree cess shall be 5 per cent. on the Government jumma, and in villages in which more than one Lumburdar is appointed, one-fifth of this cess, or so much as may be deemed necessary in each case, shall be reserved as an extra grant for the office of Head Lumburdar.

31. The Settlement Officer may, with the sanction of the Commissioner, supplement the emoluments of any Lumburdar or Head Lumburdar by a small inam. This inam to be given only in respect of the assignee's own proprietary holding.

32. The appointment of Head Lumburdar shall be for life only, and he shall be at any time removable by order of the Commissioner for sufficient cause shown.

33. In tracts where tribal chiefs or headmen are found, whose active co-operation on the side of Government it may be desirable to secure, the Settlement Officer may, with the concurrence of the Commissioner, award to such persons an allowance (that shall not be more than 10 per cent.) upon the land revenue of the tract in which they have influence.

34. The Settlement Officer shall, with the concurrence of the Commissioner, lay down rules defining the duties and responsibilities of Lumburdars, Head Lumburdars, and tribal headmen, appointed under these rules.

#### H.—RULES FOR SECURING A SYSTEM OF VILLAGE RECORD.

35. Each proprietary community shall appoint a Putwaree. The person appointed shall be a non-proprietary resident of the village, and shall be able to write.

The proprietors shall be encouraged to appoint persons who can write Oordoo to this post.

36. He shall be paid, where this may appear suitable, by the lease to him for the term of his office of a portion of the village shamilât without rent; or in such other way as the proprietary community may wish, and the Settlement Officer may approve of.

37. There shall ordinarily be a Putwaree to each village; but in special cases of small villages the Settlement Officer may sanction a different arrangement.

38. It shall be the Putwaree's duty to keep a diary, in which shall be punctually recorded all occurrences affecting the tenure of land in the village, and such other matters as may be prescribed to him.

39. To each convenient circle of villages the Settlement Officer shall appoint a Naib-Kanoongo. He shall be a resident of his circle, and shall be remunerated by a rate on the jumma of each village therein contained, which should not ordinarily exceed three per cent.

40. It shall be the Naib-Kanoongo's duty to classify in forms similar to that of the settlement record the entries in the diaries of the Putwarees of his circle. And he shall generally supervise the Putwarees.

41. The Settlement Officer shall draw up, with the concurrence of the Commissioner, rules for the further attainment of the objects of these instructions. The rules shall define the manner in which these officials shall be appointed and dismissed; their duties and responsibilities, and those of the proprietary community in connection with them; the papers they shall keep; and the returns they shall submit; and the method and rate of their remuneration.

#### I.—RULES FOR THE FUTURE ANNUAL PAYMENT OF REVENUE.

42. From the time the new assessments come in force, the revenue of each harvest shall be payable in one payment, instead of in two as heretofore.

43. The Settlement Officer shall fix the latest date for the payment of each harvest's revenue, so that in each tract of different climatic conditions the Government revenue shall fall due about one month after the principal crops are harvested.

44. In every case the new assessments shall come into force from the date fixed for the commencement of the agricultural year, under rule 12 of these rules.

#### K.—SPECIAL CESSES.

45. The Settlement Officer will select, for the location of village schools, one or more large village in each *Ilaka*. Every village so selected will be called upon by him, in consideration of the special advantage it will receive by the location therein of the school, to assign (rent and revenue free) a piece of cultivated land from the village shamilât for the support of the Schoolmaster: such land to be given in addition to the one per cent. educational cess.

46. A cess of one per cent. on the revenue shall be imposed on the proprietors, and the proceeds be devoted, under rules to be drawn up at this settlement, to the relief of disease among the population of Hazârah.

#### L.—RULES FOR DEFINING RIGHTS IN VILLAGE SITES.

47. The Settlement Officer shall ascertain and record all customs affecting the ownership of the village site; and the settlement record shall include a list of the occupants of

that site, with such detail as may be practicable; this list shall also specify the rights and interests connected with each tenement and plot so far as they can be ascertained.

48. The customs affecting the village site thus to be ascertained shall have the same force as the rest of the settlement record; but the individual entries in the list of tenements shall only be *prima facie* evidence of the facts therein stated.

#### M.—STAMPS AND FEES.

49. All initial petitions in judicial and revenue cases before the Settlement Officer and his subordinates shall be presented on an eight anna stamp. All intermediate applications shall be written on one anna stamps.

50. All copies of orders shall be granted on plain paper.

51. All initial petitions to the Commissioner shall be prescribed on a rupee stamp, and all subsequent applications on an eight anna stamp.

52. Any officer to whom a petition is presented may, if he see sufficient cause, accept it on plain paper instead of on a stamp.

53. The Commissioner may direct such fees to be levied for processes, and for entries in the settlement records, as may be necessary to meet the expenses entailed thereby.

#### N.—POWERS OF OFFICERS.

54. The judicial and executive powers of the Settlement Judicial Officers shall remain as at present, except as hereinafter provided.

55. All original orders passed by the Assistant Settlement Officer, Superintendents or Deputy Superintendents, whether in judicial or revenue proceedings, shall be appealable to the Settlement Officer; and he may refer to the Assistant Settlement Officer for disposal any appeals from the orders of the Superintendents and Deputy Superintendents.

56. All final orders passed by the Settlement Officer and Assistant Settlement Officer shall be appealable to the Commissioner.

57. The Superintendents and the Assistant Settlement Officer may revise any final order they may have passed with the permission of the Settlement Officer; and the Settlement Officer and Commissioner may revise any final order they may have passed at any time before the settlement is reported for the sanction of the Local Government.

58. All appeals shall be presented within two months of the order appealed against.

#### O.—CONFIRMATION OF THE SETTLEMENT.

59. As the record of rights in each tract is completed, and whenever any customs have been ascertained or defined, and whenever the Settlement Officer shall have prepared any rules, pursuant to these instructions, he shall take an early opportunity of submitting his proceedings to the Commissioner for confirmation.

60. Excepting as in these rules expressly otherwise provided, all records of rights, customs, liabilities, and rules drawn up by the Settlement Officer shall, when confirmed by the Commissioner and Financial Commissioner, be considered a final settlement of all matters therein treated of; and only those matters shall be revised at ensuing settlements which relate to office bearers and their duties; and to the amount of and method of paying the Government revenue and cesses, and proprietary rents of any description. And no suit shall lie to enforce a right or usage or liability contrary to the settlement record. Provided that suits may be brought after settlement to show that any given field was entered under a holding contrary to the settlement award in respect of it; and upon this plea being established the record shall be altered so as to accord with the original award.

61. To prevent injustice occurring owing to the finality thus given to the record, the Settlement Officer shall at once issue a proclamation acquainting the people of Hazárah with the preceding rule;

also copies of these rules shall be given gratuitously to each village;

also copies of the final entries in each part of the record shall be given to all persons concerned, before it is reported to the Commissioner for confirmation;

also the Commissioner, before confirming any part of the record, shall satisfy himself by inspection of the rough papers on which it is based, and by personal local enquiry, that it has been prepared with due regard to publicity; and that full opportunity has been given to dissatisfied persons to appeal against the conclusions arrived at by the Settlement Officer.

62. When the settlement has been concluded, the Settlement Officer shall submit a full report to the Local Government, showing the manner in which all rights and interests, public and private, connected with the settlement have been disposed of.

63. The Local Government may, within six months of the receipt of this report, annul or vary any of the proceedings therein reported. And if the Local Government is not fully satisfied that the precautions for securing publicity laid down in Rule 61 of this Section have been fully observed, it will issue within the said six months an order depriving such parts of the record as it may consider to be imperfectly prepared of the finality contemplated in Rule 60.

64. Nothing in these rules shall be taken to bar the admission, within three years of the date of the Settlement Officer's final report of the individual claims of any person who can prove that by reason of absence from the Punjab during the Hazárah settlement operations he had no probable means of knowing that they were going on.

65. Except as expressly provided in these rules, all the proceedings of the Hazárah settlement shall be regulated by the spirit of the enactments under which the first settlements of the interior districts of the Punjab were carried out.

#### RULES FOR THE CONSERVANCY OF TREES AND FOREST LANDS IN HAZARA. PRELIMINARY.

1. In these rules, *forests* or *forest land* includes all uncultivated land, except public ways, graveyards, sacred places, banks and corners of fields, habited sites, and the land immediately attached to such sites.

Definitions.—Forest land.

No land shall be considered "uncultivated" within the meaning of the preceding clause which may be entered as "*cultivated*" or "*fallow*" in the faired records of the settlement now being made.

Uncultivated.

The word *Zemindars* means all persons who have a prescriptive right to the user of the forest land, but it shall in no case be construed so as to give any person a greater right of user than he possesses independently of these rules.

Zemindars.

The expression "*The Hazara District*" does not include the hereditary territory of the Nawab of Umb.

Hazara.

#### DIVISION OF THE FOREST LANDS INTO RESERVED AND UNRESERVED TRACTS.

2. At the present settlement, the area of forest land attached to each village will be reviewed, and the settlement officer will, so far as may be advisable and convenient, divide such land into two portions, *viz.*,—

Reserved and unreserved tracts defined.

(A.) Forest land sufficient for the domestic, agricultural and grazing requirements of the zemindars: such land to be called the "*unreserved*" tract.

(B.) The surplus, if any, remaining after providing for the above: such land to be called the "*reserved*" tract.

Mere grazing lands need not be included in the reserved tracts.

3. If, in any case, it may be found impossible to carry out this division without excluding from the "*reserved*" tract a valuable and important forest, the settlement officer may reserve the forest, subject to such exceptions from the rules applicable to the reserved tracts as may be necessary to secure to the zemindars the due supply of their domestic, agricultural and grazing wants: the said exceptions to be recorded in a settlement proceeding, and in all other respects such tracts are to be treated as "*reserved*."

Exceptional provisions in reserved tracts.

4. The limits of the reserved tracts shall be indicated by conspicuous boundaries—the boundaries to be erected by the settlement officer, and thereafter to be maintained by the Forest Department.

Boundaries of reserved tracts.

#### CONTROL AND MANAGEMENT.

5. The *unreserved* tracts will be under the control of the Deputy Commissioner (revenue side), and the *reserved* tracts will be under the control of the Forest Department.

Control.

## (A.) UNRESERVED TRACTS.

Prohibited acts in unreserved tracts.

6. In these tracts the following acts are prohibited :—

Breaking up land for cultivation, except after consent of Deputy Commissioner obtained as provided in Rule 9.

Setting fire to grass tracts, or negligently permitting fire to extend thereto.

Setting fire to brushwood, trees, or stumps of trees.

Girdling, lopping, barking, boring for turpentine, or otherwise injuring growing trees.

Removing soil or dead leaves from under trees.

Selling standing trees.

Cutting young trees under any circumstances.

Felling for fuel trees included in the seignorage list (see Rule 12).

7. The above prohibitions excepted, the zemindars are at full liberty to exercise their rights in the unreserved tracts, it being distinctly understood that they may not cut trees except for their own domestic and agricultural uses; they will also be bound to report to the patwari for entry in his diary all cuttings effected by them under this rule, stating the purpose for which each cutting was made.

Zemindars' rights.

8. Other persons than the zemindars, who wish to cut trees in these tracts, must apply to the Deputy Commissioner. It will be the duty of that officer to refuse the application, unless he is fully satisfied that it can be granted without entrenching on the necessary provision for the prospective wants of the zemindars; should he see fit to comply with the application, he will, after payment by the applicant of the seignorage, issue an order on the lambardars directing them to permit the cutting of the trees applied for. The order may be accompanied by such conditions as may be necessary in the interest of forest conservancy.

Selling of trees in unreserved tracts to outsiders.

9. If the zemindars desire to bring under cultivation any portion of the unreserved forest tracts, they shall apply to the Deputy Commissioner. It will be the duty of that officer to refuse the application, unless he is fully satisfied that it will not, if granted, so contract the unreserved area as to necessitate the zemindars indenting on the reserved tracts for the supply of their ordinary forest wants. If the application is granted, the area affected will be thenceforward excluded from the forest lands.

Cultivating unreserved tracts.

## (B.) OF RESERVED TRACTS.

10. All the prohibitions detailed in Rule 6 for unreserved tracts will also apply to reserved tracts *mutatis mutandis*. In addition thereto, the following acts are prohibited in reserved tracts :—

Prohibited acts in reserved tracts.

Grazing or driving cattle or flocks;

Cutting grass or brushwood, or collecting fodder.

Collecting or selling fallen timber.

Collecting gums, resin, honey, wax, or other minor forest produce.

Carrying or kindling fire.

Carrying any implement to cut wood, except it is carried in pursuance of a permit to cut.

And it is to be distinctly understood that the zemindars may not exercise in the reserved tracts the rights maintained to them in unreserved tracts by Rule 7, except where, and so far as, special provision to that effect may be made by the settlement officer under Rule 3.

11. It will be the duty of the Forest Department in their management of the "reserved tracts" to consult *primarily* the interests of conservancy and reproduction, and *secondarily* the pecuniary interests of the zemindars to whom they belong. And subject to the due observance of these two principles, they will exercise full and complete control over the said tracts in all matters appertaining to their forest management.

Duties of Forest Department in reserved tracts.

## SEIGNORAGE AND FOREST INCOME.

12. \* The seignorage to be levied by the Deputy Commissioner for fellings in unreserved tracts under Rule 8, and the seignorage to be levied by the Forest Department on all fellings in reserved tracts, shall be fixed by the settlement officer in consultation with the Forest Department, subject to the

Fixation of seignorage.

\* The forest seignorage rates sanctioned in letter of Secretary to Government, Punjab, to Secretary to Financial Commissioner, No. 740, dated 21st November 1870, will continue to be enforced till otherwise directed by the local Government.

approval of the Local Government. The seignorage list so fixed to be notified in the Government Gazette, and to be subject to future revision in similar manner, but not oftener than once in every five years.

13. Half of the said seignorage shall, as laid down in 1857, be reserved to Government *for the purposes of these rules*; and shall be held in deposit to the credit of the Forest Officer in executive charge of the Hazára district, to be spent by him on the Hazára Forests under the rules of his Department. The monies so treated shall be styled the Hazára Conservancy Fund.

14. *The purposes of these rules*, referred to in the preceding rule, shall be held to include all establishments maintained and works undertaken for the forest administration, conservancy or improvement of the Hazára forest lands; and also charges incurred in keeping necessary accounts. In cases in which such charges are incurred by the Deputy Commissioner, he shall charge the Forest Officer for them.

15. Should a surplus of income over expenditure accumulate in the Fund defined in the two preceding rules, it may be applied, with the sanction of Government, to the improvement of roads in the Hazára hill tracts, or to other objects of public utility in those tracts.

16. The other half of the seignorage collected from the unreserved and reserved forest lands, as also all the miscellaneous proceeds collected by the Forest Department from the reserved tracts, shall be paid annually to the zemindars, through the agency of the Deputy Commissioner; the Forest Department remitting to that officer for this purpose such half seignorage and other income as may be due to the zemindars. Pending the annual distribution such sums will be held in deposit to the credit of the Deputy Commissioner, under the name of "Zemindars' Forest Dues."

17. Except in cases in which a community of zemindars are themselves fined, or in which it may be inappropriate in the opinion of the deciding Magistrate, the net proceeds of fines for forest offences shall be divided equally between the Hazára Forest Conservancy Fund and the zemindars within whose limits the offences adjudicated may have been committed. In the excepted cases the entire proceeds of fines will be credited to the said Fund.

#### OFFENCES.

18. Any person who commits, or (within the meaning of the Indian Penal Code) abets the commission of, any of the acts prohibited by Rules 6, 10, and 26 in the tracts respectively concerned, or who voluntarily neglects the duties imposed on him by Rule 21, shall be punished with fine, that may amount to Rs. 100, or to ten times the value of the forest produce injured, or illicitly taken, and in default of payment with imprisonment of either description for a term not exceeding six months. In the case of a second conviction rigorous imprisonment not exceeding six months may be awarded instead of fine.

19. The penalty contained in the preceding rule may, in the discretion of the adjudicating Magistrate, be accompanied by the forfeiture of all implements, cattle, or conveyances, used in the commission or furtherance of the offence adjudicated, and by the forfeiture of all wood or other forest produce obtained thereby.

20. When the offence found is the illicit cultivation of forest land, the forfeiture authorized in the preceding rule may extend to all the produce (growing or reaped) found on the said cultivation, as well as any huts or sheds erected on the land; and the sentence may further direct that the cultivator be ousted forthwith.

21. It shall be the duty of all zemindars to aid in the extinguishing of forest fires, and in the prevention of forest offences, in their vicinity.

22. In cases of serious conflagration occurring in the forest lands, or in any case in which it may appear that any community of zemindars neglects to render reasonable assistance to the forest officers in the prevention and prosecution of forest offences, it shall be lawful for the Deputy Commissioner to treat the zemindars, in whose vicinity the conflagration has occurred, or the community so defaulting, either separately or collectively, as themselves guilty of the said acts, and to sentence them to the fine prescribed in Rule 18; and in default of payment to imprisonment as therein laid down. Every such conviction may in the discretion of the Deputy Commissioner carry with it the deprivation of all forest dues at the time outstanding to the credit of the convicted zemindars under Rules 16 and 17.

23. All cattle found straying or unlawfully grazing in any reserved forest may be seized by any forest official, and when so seized shall be driven forthwith to the nearest pound, to be there dealt with in the manner provided by law for cattle impounded for trespassing on cultivated land.

24. Convictions under Rule 22 shall be appealable to the Commissioner; all other criminal proceedings under these rules shall be appealable or otherwise in the same manner as is provided in the Criminal Procedure Code.

Appeals.

#### MISCELLANEOUS.

25. In any case in which the zemindars may so desire, it shall be lawful for the Settlement Officer or for the Deputy Commissioner after the conclusion of the settlement operations to set aside out of the unreserved tracts a given portion for strict conservancy; and to record such rules in connection therewith as the zemindars may desire and are not objectionable on general grounds; the arrangement to hold good for the period of settlement, or for such shorter period as the zemindars may desire. Breaches of such rules to be punished in the same manner as provided under Rules 18 to 24.

Voluntary conservancy.

Injury to trees generally prohibited.

26. The following acts are prohibited irrespective of their connection (or otherwise) with forest lands :—

Injuring, or allowing cattle or flocks to injure any trees, groves or gardens on the sides of roads, in cantonments, or elsewhere. Provided that the said acts be not committed in pursuance of a private right.

Cutting or injuring trees, which fringe or overshadow natural streams or springs.

Cutting or injuring trees, or brushwood, or gardens, situate in any graveyard, *Ziárat*, or other sacred place.

27. The Settlement Officer shall cause to be prepared for the Forest Department such Vernacular copies of his maps and records as shall be necessary to enable that Department to give effect to these rules, without the necessity of constant reference to the settlement records; and when any subsequent alterations are made in the area of forest lands, similar documents shall be supplied to the Forest Department. The cost of preparing these records shall be paid by the Forest Department.

Copies of Maps, &c., to be made for Forest Department.

28. These rules shall come into effect from the date of the delivery to the Forest Department of the copies mentioned in the preceding rules: provided that a revised seignorage list may be enforced as soon as sanctioned.

Date of operation of these rules.

Cancelment of the old rules.

29. From the day on which these rules come into effect, all previous *Hazára* Forest Rules will be cancelled.

30. The forest seignorage rates sanctioned in letter from Secretary to Government of the Punjab, to Secretary to Financial Commissioner, No. 740, dated 21st November 1870, will continue to be enforced till further orders.
